

ERRE.DI. Automation also provides special elements to best meet customers' needs
Thanks to its advanced technical know-how and a continuous process of innovation, ERRE.DI. is able to provide customized automation components to best meet its customers' needs, creating a real partnership during the development of new solutions.
Design, manufacturing and testing are carried out within ERRE.DI. facilities in order to give a quick and effective response to customers' requests.
Here below some examples of customized solutions..

FMV Series Multifunction element

FMV##---

Guide size **15 mm**
Working type **Norm. Open /Norm. Closed**
Body **Steel/Aluminium**
Temperature **-20°C ÷ 80°C**
Operating Pressure **5,5 ÷ 8 bar**

- Small dimensions
- Multiple ways to use
- Different fields of application
- Also available with contact parts covered with rubber
